Waseem Patel

Certified Huawei IdeaHub Sales Consultant| Strategic Partnerships, Sales Growth
Dubai, United Arab Emirates

Summary

With over 20 years of experience in IT, Sales, Business Development, and Account Management, I am a certified sales professional and an expert in enterprise solutions and IT supplies. I have acquired multiple credentials in sales methodologies, such as Sandler Sales techniques, MEDDPICC and MEDDIC, as well as in data analytics and machine learning tools, such as Power BI and Tableau.

As a B2B Manager at Huawei, I leverage my expertise in prospecting, qualifying, and closing deals with C-level executives and senior managers in various sectors, such as education, healthcare, FMCG, and public. I also use my analytical skills and CRM knowledge to manage and optimize the sales pipeline and customer relationships. I am passionate about delivering value and solving challenges for my clients, and I work with a collaborative and innovative team at Huawei.

Experience

SIGNAUX

HP
Enterprise Business Development Specialist
May 2018 - January 2023 (4 years 9 months)
United Arab Emirates

Is your current focus on how to manage cost of IT supplies in today's ever shrinking IT budgets and ever growing demand for adding count to the existing print fleet?
All it takes is, 30 mins in person to understand your business requirements and how we can help you overcome your challenges.
Look no further, reach out to me. (+971 50 2031941)
I am currently focused on Education, Healthcare, FMCG, Public sectors and Large Enterprises in UAE market.
My daily work involves:
• Coordination/Ownership of account plans for strategic Enterprise accounts in the account planning process
• Focus on larger deals/opportunities and value and/or volume portfolio management
• Use specialty to leverage existing opportunities and branch into more than one BU in the account.

• Establish a professional working relationship (up to the executive level) with clients, and develop a core understanding of the unique business needs.
• Engage Enterprises effectively to improve win rates on selective deals.
• Build growth opportunities using the account planning process; actively manage planning process through scheduled reviews and updates.
• Generate leads for HP Supplies (Inks & Toners) products and collaborate with other specialists or partners as needed.
• Responsible for achieving/managing quarterly, half yearly or yearly quota.
• Enter opportunities in SBD Tracker pipeline tools and update them weekly. Recommend and Implement Pipeline management practices.
• Sell solutions that include printing and services.
• Build and deploy a territory account plan that includes working with Sales Manager specialists.
• Implement strategies in full ownership of the account or in partial ownership depending on account coverage.
• Identify customer requirements, match with HP capabilities and choose respective HP supply chain accordingly (Direct or Indirect).
• Review and design sales policy and strategy.
